

Hi – my name is Alex Davis. I'll be 7 on August 24 and I'm going into 2nd grade at Alcott. I live in Chicago, very close to Dr. Burton's office. I like playing sports, playing guitar and I love to go swimming. I have a lot of favorite sports and I played baseball this summer on the Indians. I like to play tennis with my Dad too. My favorite foods are Lays Chips and chocolate Rice Dream. I also like pizza and the Cook for Love pancakes. I have fun making fruit salad with my best friend Harrison who lives downstairs from me. My friends Shayna and Kyle have PKU and I can't wait for PKU camp to hang out with them.
